ADOGBEJI IBORI

PROFESSIONAL SUMMARY

I'm a self-driven and focused CSE student who has been programming on and off since I was 11. I have independently studied web development and computer science in general for a long time, and I have also taken relevant coursework. I have very little practical experience under my belt, so I am eager to develop my skills on the job.

EMPLOYMENT HISTORY

LEAD APPLICATION DEVELOPER

Feb 2021 - Mar 2022

Consense

Irvine

Lead a team in the development of a web app for a startup in the New Venture Competition. Leveraged React libraries for Bluetooth communication between the native application and a proprietary device mounted to bicycles and for GPS navigation.

INTERN

Jun 2020 - Aug 2020

Strohmeyer Law PLLC

Houston

Worked remotely as an intern in a fast-paced environment. Updated HTML and CSS on the company website. Collaborated with a team of other interns.

PROJECT LEADER

Mar 2019 - Mar 2021

Summer Express

Houston

Was chosen from a number of applicants to lead a summer camp for refugee children. Led large group activities where I walked the children through basic programming using the language Scratch.

EDUCATION

B.S. COMPUTER SCIENCE AND ENGINEERING

Sep 2021 - Present

University of California-Irvine

Irvine

HIGH SCHOOL DIPLOMA

Sep 2017 - May 2021

Saint John's School

Houston

SKILLS

UI/UX Design, Version Control, HTML, CSS, Javascript, React, Next.js, Java, Python, C++, SQL.
